

Cannabis whole flower TILRAY INDICA

Cultivar: Sirius (Alien Dawg)

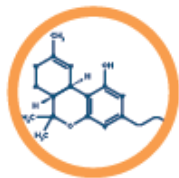

Potency:

18 THC **0** CBD

Origin:

Sirius, also known as Alien Dawg, is an indica strain resulting from a cross breed of Chemdawg and Alien Technology cultivars.

Terpene Profile:

Most commonly includes the following terpenes: limonene, caryophyllene and humulene. A synergistic action of cannabinoids and terpenes have been suggested and may provide therapeutic benefits*

Therapeutic applications:

Sirius is suitable for patients experienced with THC containing products. Attention should be given to the safety profile of THC and to the patient selection criteria.

* The presence of minor cannabinoids and terpenoids may vary by lot
