

Cannabis whole flower

TILRAY INDICA

Cultivar: Master Kush

Potency:

25 THC 0 CBD

22 THC 0 CBD

Origin:

Master Kush is an Indica cultivar that was created by breeding the cultivar Hindu Kush and Skunk.

Terpene Profile:

Most commonly contains the following terpenes: caryophyllene, bisabolol, limonene, linalool and myrcene. A synergistic action of cannabinoids and terpenes have been suggested and may provide therapeutic benefits*

Therapeutic applications:

Master Kush is suitable for patients experienced with THC containing products. Attention should be given to the safety profile of THC and to the patient selection criteria.

* The presence of minor cannabinoids and terpenoids may vary by lot
