

WELLFORD LUMA 28:1 BPI

BLACK PINEAPPLE

Indica dominant

THC: 28 %

CBD: < 1 %

Total Terpenes: 1.5 - 3 %

Lineage: Black Jack x Pineapple Cake Upside Down

Dominant Terpenes³: Myrcene, Limonene, Pinene

Flavours and Aromas³: Ripe Pineapple, Tropical Fruit

Common Usage²: Chronic Pain, Depression, Headaches

Country of Origin: Spain

Irradiated or Remediated: Yes

Exclusive: Yes

Black Pineapple is a compact and dense flower sparkling with a high concentration of trichomes. These buds are cured for at least two months which enhances the aromas of ripe, sweet pineapple nectar with notes of sour. Expect a robust terpene profile of Limonene, Myrcene and Pinene.

Product Prescription Name	THC	CBD	10g
